

TONIGHT

20 SPANISH WORDS

You will not study them. You will remember them — and check yourself tomorrow morning.

NO APP • NO FLASHCARDS • ONE EVENING

HOW IT WORKS

Three steps for every word. That is the whole method.

1

PICTURE THE MEANING

See the thing itself. Your own bed, your own front door.

2

PICTURE THE SOUND

Find an English word hiding inside the Spanish one. It is already on the card.

3

WELD THEM AND SAY IT OUT LOUD — THREE TIMES

Out loud matters. Silent reading does not build the link.

20 minutes tonight

3 minutes tomorrow morning — that is when you find out.
